PROFILE

Motivated Front-end developer with experience in React.js, Next.js, Tailwind CSS, HTML, CSS, and JavaScript. Proficient in building responsive websites, creating clean and user-friendly interfaces, and optimising web performance. Passionate about learning and working with modern frameworks and tools to deliver innovative solutions. Eager to contribute to dynamic teams while improving my skills.

PROJECTS

Fungora

- Developed a modern landing page using Next.js and Tailwind CSS, ensuring mobile-first and responsive design principles.
- Structured reusable UI components to simplify future development and maintain scalability.
- Focused on performance optimization, achieving fast page load times and smooth navigation.

Genppt

- Designed a visually appealing and fully responsive landing page using React.js to ensure seamless user experience across devices.
- Implemented a custom slider component to showcase content interactively, enhancing the website's visual appeal and functionality.
- Focused on responsive design principles to optimise the landing page for mobile, tablet, and desktop devices.

Real - Estate

- Developed a responsive real estate platform with features like detailed property listings and user authentication, ensuring seamless functionality across devices.
- Designed a user-friendly interface optimized for performance, scalability, and enhanced user experience through modern web technologies.

WORK EXPERIENCE

Afame Technologies   MAY 2024 - JUNE 2024

Web Development Intern

- Designed and developed a responsive web page using React.js.
